

Leeds Geological Association - Programme of Lectures for 2021

Lectures normally take place at Leeds University in the Rupert Beckett Lecture Theatre, which is situated in the Michael Sadler Building at start at 7.15 p.m. The Michael Sadler Building is close to the main entrance to the University from Woodhouse Road. If travelling by car be aware of the car parking conditions on the campus. Details of the location of the lecture theatre and car parking can be found on the LGA Website: www.leedsga.org

However, until restrictions on meeting in groups indoors are lifted and our normal venue becomes available, lectures will take place by virtual means. They will start at 7.15p.m. on the dates shown and joining instructions will be circulated to members prior to each event. Non-members are welcome to attend but will need to contact the Secretary for joining details.
